	BROWN	KEMAL
Integrating into the neighbourhood		
1. Connections *Does the scheme integrate into its surroundings by reinforcing existing connections and creating new ones, while also respecting existing buildings and land uses around the development site?*	Green	Amber
2. Facilities and services *Does the development provide (or is close to) community facilities, such as shops, schools, workplaces, parks, play areas, pubs or cafes*	Green	Amber
3. Public transport *Does the scheme have good access to public transport to help reduce car dependency?*	Green	Green
4. Meeting local housing requirements *Does the development have a mix of housing types and tenures that suit local requirements?*	Amber	Red
Creating a place		
5. Character *Does the scheme create a place with a locally inspired or otherwise distinctive character?*	Green	Red
6. Working with the site and context *Does the scheme take advantage of existing topography, landscape features (including water courses), wildlife habitats, existing buildings, site orientation and microclimates?*	Green	Red
7. Creating well defined streets and spaces *Are buildings designed and positioned with landscaping to define and enhance streets and spaces and are buildings designed to turn street corners well?*	Green	Amber
8. Easy to find your way around *Is the scheme designed to make it easy to find your way around?*	Green	Red
Streets and home		
9. Streets for all *Are streets designed in a way that encourage low vehicle speeds and allow them to function as social spaces?*	Green	Amber
10. Car parking *Is resident and visitor parking sufficient and well integrated so that it does not dominate the street?*	Amber	Amber
11. Public and private spaces *Will public and private spaces be clearly defined and designed to be attractive, well managed and safe?*	Green	Amber
12. External storage and amenity space *Is there adequate external storage space for bins and recycling as well as vehicles and cycles?*	Green	Amber
